Introduction

Cette procédure permet d'ajouter le Self-Élévation sur un poste de travail.

La présente procédure est valable seulement pour les machines achetées pour les collaborateurs Inetum.

Utilisation du :

Centre d'administration Microsoft entra

<https://entra.microsoft.com/#view/>

Centre d'administration Active Directory

Portail d'entreprise sur le poste du collaborateur

Console Ivanti avec le compte T2

Ajout du Self-Elevation

Entra

1. Centre d'administration Microsoft Entra avec votre compte ADM
2. Accéder à la page « **All groups** »
3. Chercher « FR-USER-SELFELEVATION »

The screenshot displays the Microsoft Entra admin center interface. On the left sidebar, the 'All groups' link is highlighted with a red box and a red number '1'. The main content area shows the 'Groups | All groups' page. A search bar at the top of the main area contains the text 'FR-USER-SELFELEVATION', which is also highlighted with a red box and a red number '2'. Below the search bar, a table lists the search results. The table has columns for Name, Object Id, Group type, Membership type, Email, and Source. One group is listed: 'FR-USER-SELFELEVATION' with Object Id '058bbb42-bb69-4916-b9d6-ba1f0bfa9210', Group type 'Security', Membership type 'Assigned', and Source 'Cloud'.

Name	Object Id	Group type	Membership type	Email	Source
FR-USER-SELFELEVATION	058bbb42-bb69-4916-b9d6-ba1f0bfa9210	Security	Assigned		Cloud

1. Ajouter le(s) membre(s)
2. Chercher les collaborateurs que vous souhaitez ajouter au groupe
3. Puis sélectionner afin de valider

The screenshot displays the Microsoft Entra admin center interface. On the left, the navigation pane shows the 'Groups' section expanded. The main area shows the 'FR-USER-SELF-ELEVATION' group with 32 members. The 'Add members' dialog is open, showing a search for 'Johan Marseille' with 2 results found. The results table lists the following members:

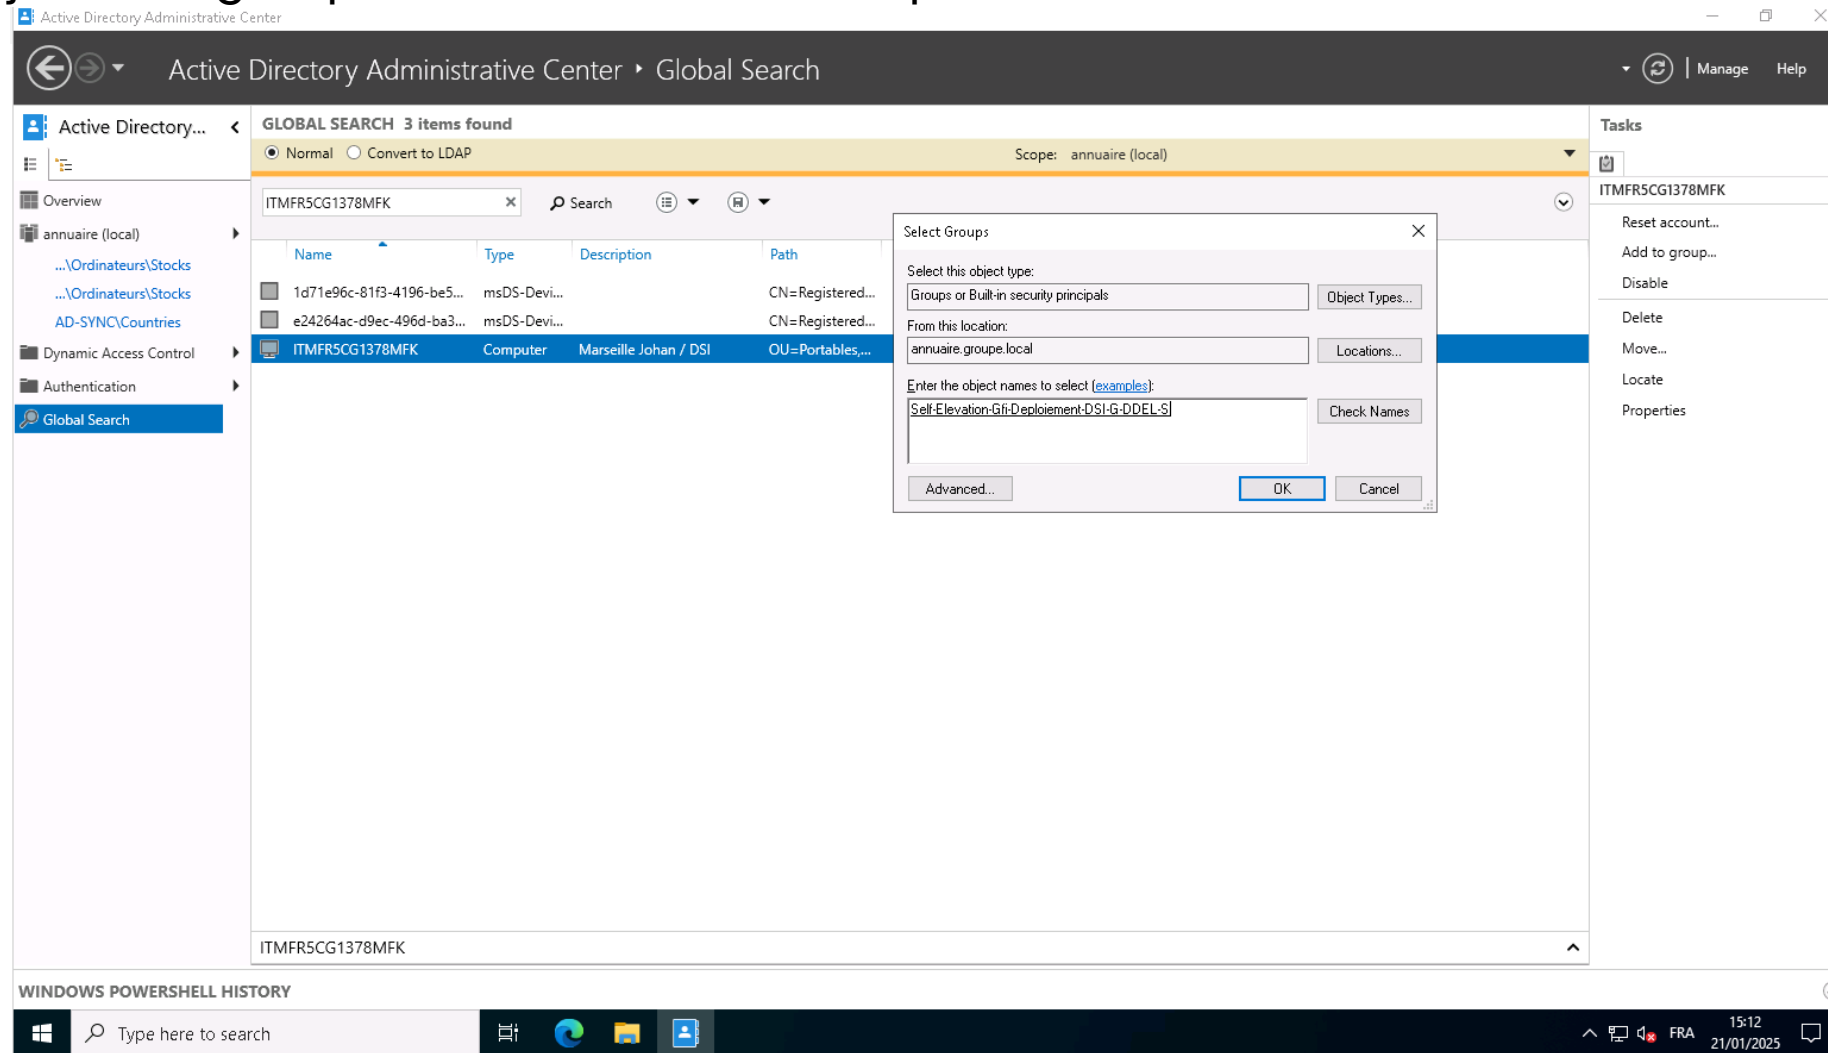

Name	Type	Details
Marseille Johan	User	johan.marseille@inetum.com
Johan Marseille [ADM]	User	johan.marseille-adm@gfi.world

The 'Marseille Johan' entry is selected. The 'Select' button at the bottom of the dialog is highlighted.

Centre d'Administration Active Directory

1. Chercher le matricule de l'ordinateur du collaborateur
2. Cliquer droit puis **«Ajouter un groupe»**
3. Ajouter le groupe Self-Élévation-Gfi-Deployment-DSI-G-DDEL-S

A modern office interior with people working. In the center, two men stand near a laptop, one holding it. A woman sits on a colorful modular sofa in front of them. To the right, another woman stands holding a cup. In the foreground, two people are blurred, suggesting movement. The background shows office desks, plants, and large windows. Several colorful geometric shapes (squares and rectangles in red, teal, and orange) are overlaid on the image.

Description

Install Ivanti Application Control 2022.3 for France

A modern office interior with people working. In the center, a woman sits on a colorful modular sofa (orange, purple, and yellow) using a laptop. Two men stand behind her, one holding a laptop. A woman stands to the right, holding a cup. In the foreground, two people are blurred, suggesting movement. The background shows office desks and plants. The scene is lit with warm, ambient lights. Several colorful geometric shapes (squares and rectangles in red, teal, and orange) are overlaid on the image.

Ivanti

AVEC LE COMPTE T2

1. Se connecter à l'url <https://iapmgr.gfi.network:7751> pour atteindre le serveur FRDATAPSEWS1

The screenshot displays the Ivanti User Workspace Manager Management Console. The browser address bar indicates the URL <https://iapmgr.gfi.network:7751/ManagementServer> and the user is logged in as ANNUAIRE\T2frus00090382-admin. The left sidebar shows a tree view with 'FRDATAPSEWS1' highlighted. The main content area features a 'Welcome to Ivanti User Workspace Manager' message and a 'Management Center' section with three numbered steps: 1. Create a deployment group, 2. Create membership rules, and 3. Upload agent and configuration packages. An 'Application Control' section is also visible. A 'Select Management Server' dialog box is open, showing a table with one entry: 'Management Server' with URL 'https://iapmgr.gfi.network:7751/ManagementServer' and 'Connect As' 'ANNUAIRE\T2frus00090382-admin'. The 'Connect...' button in the dialog is highlighted.

Location	Name	URL	Connect As
Management Servers	Management Server	https://iapmgr.gfi.network:7751/ManagementServer	ANNUAIRE\T2frus00090382-admin

1. Accéder à la page : «**FR-AC-SELF-ELEVATION**», « **Computers**»
2. Ajouter un ordinateur
3. Rentrer le matricule du poste

The screenshot displays the Inetum management console interface. The left sidebar contains a tree view with the following structure:

- Home
- Deployment Groups
 - FR-AC-PDM
 - FR-AC-PolicyCh...
 - FR-AC-SelfElev...
 - Settings
 - Packages
 - Computers
 - Misgroup...
 - Manual...
- Alerts
- Events
- FR-AC-VDI-Self...
- MA-AC-PDM
- MA-AC-PolicyC...
- MA-AC-SelfElev...
- PT-AC-PDM
- PT-AC-PolicyCh...
- PT-AC-SelfElev...
- TEMPORAIRE...
- (Default)
- Global Settings
- Membership Rules
- All Computers
- Misgrouped
- Manually Added

The main area shows the 'FR-AC-SelfElevation > Computers' page with a table of 6627 computers. The table has columns for Name, Alerts, Last Response, Status, and Deployed (%). The right sidebar contains an 'Actions' menu with options like Discover, Add Computers, Poll Now, Upload Events Now, Move..., Delete, Delete All, Unregister, Restore, Show Event Details, Request Diagnostics, Clear Filter, Refresh, and Help.

A modal dialog box titled 'Sélectionnez des ordinateurs' is open, showing a list of objects to select. The entry 'ITMFRSCG1378MF4' is highlighted in the list.

- Déployer l'agent

	Name	Alerts	Last Response	Status
